

LG Optimus L90 Rear Facing Camera Replacement

Replace the rear-facing camera of your LG Optimus L90.

Written By: Alex Arruda

INTRODUCTION

Use this guide to replace the rear-facing camera of your LG Optimus L90.

TOOLS:

- [iFixit Opening Picks set of 6](#) (1)
 - [iFixit Opening Tools](#) (1)
-

Step 1 — Battery

- Carefully slide an opening pick between the the rear cover and the body of the phone.
- Using the pick, separate the cover from the back of the phone.
- Remove the rear cover.

Step 2

- Insert a plastic opening tool into the small recess at the bottom of the battery.
- Use the plastic opening tool to lift up the bottom of the battery.
- Remove the battery from the phone.

Step 3 — Midframe

- Remove the eleven JIS #000 screws securing the midframe to the phone.

Step 4

- Using an opening pick, carefully separate the midframe from the motherboard.

Step 5 — Rear Facing Camera

- Disconnect the camera cable from its socket on the motherboard.
- Remove the rear-facing camera.

To reassemble your device, follow these instructions in reverse order.
